

SALT LAKE CITY CORPORATION
DEPARTMENT OF PUBLIC SERVICES
URBAN FORESTRY DIVISION

TREE REMOVAL NOTIFICATION POLICY

It is the policy of the Urban Forestry Division to provide notification of tree removal to the homeowner adjoining the City property where the tree is located.

The preferred means of notification is personal contact at the time the tree is inspected. In the event personal contact cannot be made as a result of the tree inspection, written notification via US Mail will be provided.

A computer database will be used to track the status of the notification process. Prior to scheduling tree removal the database will be checked to validate notification has been provided.

Please call the Urban Forestry office at 972-7818 if you have any questions.

You may also contact the forestry office by FAX at 972-7847 or through the worldwide web at www.slcgov.com/publicservices/forestry to enter a request for service, ask a question, inquire about a tree species, evaluate services provided, and participate in an interactive survey.
