The Yalecrest Neighborhood has taken several steps in the right direction to provide certainty for the neighborhood's future. The Yalecrest Compatible Infill Ordinance was passed in July 2005. In Fall 2008, the neighborhood was listed on the National Register of Historic Places. But if you are concerned with issues regarding teardowns, the size and location of rebuilds and additions, the public notification process for demolition, design guidelines, and other ideas that may be able to provide more certainty for Yalecrest, please attend the presentation/discussion and Q&A at the April 1 Yalecrest Community Council meeting.

7:15 pm Jill Love, City Council District 5 and/or JT Martin, City Council District 6

7:30 pm Neighborhood Concerns or Issues - Open Discussion - Bring any neighborhood concerns you might have. Together we can make a difference in improving our neighborhood!
