**Traffic Signal Activation
300 South 400 West**

On Friday, April 22nd at 10:30 a.m., Salt Lake City Council Member Nancy Saxton will meet on the northwest corner of 300 South 400 West with community members to celebrate the installation and activation of the traffic signal at the intersection of 300 South 400 West.

Community members have expressed support for this particular traffic signal given the difficulty for pedestrians and motorists to cross the intersection heading east and west. Funding for this project was provided by the Salt Lake City Redevelopment Agency. The public is invited to attend.
